Kate doesn't do her homework. When there is an exam, she gets sick. She doesn't tell anyone, but the truth is she can't read or write. Kate doesn't remember the letters of the alphabet.

One day, Kate's teacher found out. She saw that Kate couldn't write on the board. She called her after class and asked her to tell her the truth. Kate said "I don't know how to read or write". The teacher listened to her. She wanted to help Kate. She told her, "That's ok. You can read and write if we practice together".

So Kate and her teacher met everyday after class. They practiced together. Kate worked hard. Now, she knows how to read and write!

2. Where does she live?
